

Model CHW 1.1

CHW 1.1 is a mono-block refrigerator for internal and external use supplied with pump and tank, designed for water or glycols cooling systems.

Especially designed for welders, inductors, food processing machines, laser cutters, tooling machines, die-casting processes, plastic materials molding and extruding processes, hydraulic units, polyurethane foaming systems, flexographic and rotogravure machines, wine industry, smelters for gold industry, packaging and blistering machines, laser markers, electro-erosion.

Different options are available to meet any application need.

Tecnical Features

Cooling capacity	: 1,1 kw-50Hz	1,3 kw-60Hz
Compressor power	: 480 W/2,8A-50Hz	580 W/3.4A-60Hz
Fan power	: 100 W/0,7A-50Hz	100 W/0,7A-60Hz
Pump capacity	: 5-40 L/min-50/60Hz	
Pump head	: 3,8-0,5 Bar-50/60Hz	
Pump nominal power	: 370 W/2,6A-50/60Hz	
Tank capacity	: 10 L-50/60Hz	
Max noise level	: 63 dBA-50/60Hz	
Refrigerant charge	: 0,51 Kg-50Hz	0,57 Kg-60Hz
Empty Weight	: 52 Kg	
Power supply	: 230/1/50Hz	230/1/60Hz
Total consumption	: 940W/6A-50Hz	1050W/6,7A-60Hz
Total installed power	: 1100W/7,3A-50Hz	1190W/8,2A-60Hz

Model CHW 2.6

CHW 2.6 is a mono-block refrigerator for internal and external use supplied with pump and tank, designed for water or glycols cooling systems.

Especially designed for welders, inductors, food processing machines, laser cutters, tooling machines, die-casting processes, plastic materials molding and extruding processes, hydraulic units, polyurethane foaming systems, flexographic and rotogravure machines, wine industry, smelters for gold industry, packaging and blistering machines, laser markers, electro-erosion.

Different options are available to meet any application need.

Tecnical Features

Cooling capacity	: 2,6 kw-50Hz	3 kw-60Hz
Compressor power	: 960 W/5,5A-50Hz	1020 W/5.8A-60Hz
Fan power	: 100 W/0,7A-50Hz	100 W/0,6A-60Hz
Pump capacity	: 5-40 L/min-50/60Hz	
Pump head	: 3,8-0,5 Bar-50/60Hz	
Pump nominal power	: 370 W/2,6A-50/60Hz	
Tank capacity	: 10 L-50/60Hz	
Max noise level	: 61 dBA-50/60Hz	
Refrigerant charge	: 0,8 Kg-50Hz/60Hz	
Empty Weight	: 58 Kg-50Hz/60Hz	
Power supply	: 230/1/50Hz	230/1/60Hz
Total consumption	: 1420 W/8,8A-50Hz	1490 W/9,1A-60Hz
Total installed power	: 1610 W/10,8A-50Hz	1670 W/10,7A-60Hz
